USB Upgrades

Data-loading

DATA-LOAD

data-loading | PRE-LOADED CONTENT

Your data pre-loaded onto the flash drives before they ship.

DATA-LOADING OPTIONS:

- ***Standard pre-load:** Files pre-loaded to the drive that can be edited or removed.
- ***Auto-run:** Choose a file from your pre-loaded content to load every time the USB drive is plugged into the computer.
- ***Website Auto-launch:** A pre-programmed link to any website. When plugged in users are automatically connected directly to your website.
- ***Partitioning/Data-lock:** Digitally separate your USB drive into two parts. One side can function as a normal flash drive while the other side can be pre-loaded with data and locked so that files cannot be deleted or changed.
- ***Password-lock:** Password lock the entire USB drive. End-users can set their own password.

USB Upgrades

Accessories

LANYARDS

Lanyard | 1 COLOR IMPRINT - Add 5 working days

Our durable nylon lanyards are available in red, blue, white and black. For maximum branding add a 1 color imprint that repeats across the length of the neck strap. **50 piece min. order quantity.**

Dimensions: 17 x 0.4 in

Imprint area: 1.75 x 0.3 in

KEYRING

keyring | UPGRADE ATTACHMENT

Our keyrings are made from a sturdy, heavy-grade metal designed to withstand everyday wear and tear. The nylon loop makes it easy to attach but doesn't add extra bulk or weight.

Dimensions: Ring - 1.1 in diameter | Nylon loop - 1.9 in

CUSTOM INSERT

custom insert | UPGRADE INSERT

Need to provide additional information with your USB drive or a special message to your clients? Send us your artwork or let us design a custom insert for you. You'll have everything you need packaged neatly in our standard vinyl pouch or any of our upgrade packaging options.

Dimensions: 2.25 x 3.5 in **Print area:** 2 x 3.25 in (no bleed)

DATA-LOAD**What Is Dataloading?**

Get the most out of your branded USB drives by having us pre-load data on the USB's. By data-loading you can use the USB drives as a way to distribute information such as presentations, PDF's, photos, videos, catalogs and any other file type. Dataloading content reduces printed materials which is good for the environment and the bottom line!

What can be put on the drive?

Any files that a computer can read can be loaded onto the USB drives. You can have a link to your website; a 30-second video spot for your company; a PowerPoint presentation; a PDF of your full catalog; or even a special computer program. The possibilities are endless!

Is it compatible with Macintosh and Windows computers?

Yes, basic dataloading is a usable option for both Mac and Windows computers as long as the files you put on the drive work on both operating systems.

What other options are available?

- **Website Auto-Run**

You provide us with a website address and we'll have the USB's link directly to the URL provided. When the USB is plugged in it will take the user directly to your specified webpage. This is a perfect way to drive customers to your website.

- **Auto-run**

Auto-run allows you to choose one file on your USB flash drive that you want to load every time the USB drive is plugged into the computer. Please note that auto-runs will not work on Macs and some PCs with very high security settings. Auto-runs are deletable..

- **Data-locking (Non-erasable content)**

Data-locking will store your data permanently on the drive, ensuring that it is not erased. Data locking requires the drives to be partitioned into two parts. One part can be used like a normal flash drive: files can be loaded, opened and deleted as usual. The second part shows up on the computer as a CD-Rom drive and contains the locked data which cannot be deleted or edited. Mac users cannot see the locked part of the drive.

- **Password-locking the drive**

We can also password lock the entire USB drive without any pre-loaded data. This way, the user can set their own password when they first receive the drive and secure their own data with a password of their choosing.

USB Upgrades

Packaging

ARCTIC

arctic | DRAWSTRING POUCH

Available in a variety of colors, the Arctic is a great way to dress up your next promotion or corporate gift. Features a faux velvet finish and drawstring closure.

Dimensions: 4 x 0.15 x 3 in

Decoration: Custom insert card

ATLANTIC

atlantic | 100% RECYCLED BOX

When you want to leave an environmentally friendly impression, choose our 100% recycled 1pc. box. With a classic pinstripe accent on the exterior it's sure to impress.

Dimensions: 3 x 3 x 2 in

Decoration: Custom insert card, full color sticker (2.675 x 2"), pad printing

CARIBBEAN

caribbean | 2 PC. ALUMINUM TIN

The impressive and sleek Caribbean is made from durable aluminum. The clear window highlights your USB drive and the inner foam lining keeps the drive well protected.

Dimensions: 4.6 x 3.4 x 0.9 in

Decoration: Custom insert card, silkscreen

CASPIAN

caspian | 2 POCKET SLEEVE

The Caspian is a faux-leather sleeve designed for the Quincy and Hampton USB but can fit any credit card, ID or membership card.

Dimensions: 4 x 0.1 x 2.6 in

Decoration: Custom insert card, silkscreen

HUDSON

hudson | 2 PC. JEWELRY BOX

The Hudson is perfect for any of our USB pen models. With a soft, Poly-fiber lining and silver bow, the Hudson dresses up any gift or promotion.

Dimensions: 8.3 x 2.2 x 1 in

Decoration: Custom insert card, full color sticker (2.625 x 0.875"), pad printing

MEDITERRANEAN

mediterranean | PILLOW BOX

The pillow box is a fun way to spice up your next promotion. When the side flaps are tucked in they create a pillow effect that leaves room inside for accessories or inserts.

Dimensions: 4 x 3.75 x 1.5 in

Decoration: Custom insert card, full color sticker (2.75 x 2.75" or 2.875" diameter), pad printing

NILE

nile | 2 PC. JEWELRY BOX

Think of your USB drive as a precious gem and package it in a jewelry box. With a soft, Poly-fiber lining your USB will be cradled inside. Available in gold, white and black.

Dimensions: 3.5 x 3.5 x 1 in

Decoration: Custom insert card, full color sticker (2.75 x 2.75" or 2.875" diameter), pad printing

PACIFIC

pacific | MAGNETIC CASE

Our popular magnetic case is simple yet effective. With a transparent body you can see the drive inside even when the case is closed.

Dimensions: 3.7 x 1.75 x 0.9 in

Decoration: Custom insert card, full color sticker (2.625 x 0.875"), silkscreen

TASMAN

tasman | TAKE-OUT BOX

Not your typical packaging. When you want to make an impression that will last go for the Tasman. This mini take-out box will add flare to your next promotion.

Dimensions: 3 x 2.125 x 3.5 in

Decoration: Custom insert card, full color sticker (2.675 x 2" or 2.875" diameter)
